The last word

The Scorpion 610 Hardtop is an impressive package at an impressive price. Its design gives you all the benefits of a hardtop, while minimising the drawbacks of increased windage, weight and expense. And all within a 6.1m boat which is easily driven with 90hp on the back. But let's not forget the price: \$44,000 for a true turnkey package, including a quality paint job, VHF and basic fish finder – pretty impressive indeed. ⚓
