

...the engine has a 200-hp EFI engine that's also equipped with a fuel injection system that allows the engine to run at a higher RPM than a carburetor engine. The engine also has a 200-hp EFI engine that's also equipped with a fuel injection system that allows the engine to run at a higher RPM than a carburetor engine.

“...Jamie casually turned the wheel and did a U-turn at WOT!”

The Mercury 200 EFI felt a good match for the hull and had plenty of torque
